PRESIDENT'S MESSAGE

2020 MnIAAA President
Rochester Century

by Mark Kuisle

Celebrated Past. Limitless Future

MnIAAA members, welcome to the 50th state conference. I have had the opportunity to be a part of the last twenty-eight conferences and this event continues to celebrate hard work, collaboration, professional learning and friendship. At every conference, peers reap the reward of mentoring, teaching and laughing together.

In an earlier article, I wrote about how our job was like drinking from a fire hose. As we wrap up the long winter season, I am sure you feel water logged, worn out or as if you just ran a marathon carrying the daily stress of life. The state conference is your chance to re-energize in order to help you make it to the finish line sometime in June. Brent Schimek has put together a great conference, so please take time to visit the vendor booths, attend the banquets and the mini sessions developed by your peers.

Over the next several days, take a moment to remember Pete Veldman and his wife Arlene, we lost impactful leaders, from the greatest generation to ever live. Pete's vision for our organization, attention to detail and frugal budgets put us on solid ground. The MnIAAA now has great flexibility because of his leadership. Pete believed his peers needed to understand their role as activities director or coaches, as a very important responsibility in every community. He instilled in us to care for others. Consider the people around you and remember to thank them for their service for it is as a team that we are stronger. It is those that support us that ensure that we are able to do our job with accuracy and care. As Pete would remind us at every conference, tip your bartenders, waitresses, waiters, and housekeepers! Mr. Pete Veldman, thank you for teaching so many life lessons and Happy 50th.
